OFFICE: PORTER BLOCK.
W. Main Street, S. Telephone 43-2

THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for \$2.50 a year; \$2.50 six months; \$1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.
Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, state and general, and will be mailed, postage free, to any part of the United States or Canada, for \$1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

Cruel punishment of New York criminals is said to be banishment to Chicago.

The Japanese navy takes to graft as naturally as though they had lived in a land of bibles all their lives.

The cold from the Northwest came down this way on Tuesday and helped to make the weather very comfortable.

The trimming of the trees about the city would greatly improve their looks. For example, look toward the court house.

It is time now to make some improvements in our sidewalks. People who come here for the winter enjoy a stroll about the city.

After a consultation it has been decided by experts that Norway and Sweden cannot be separated. Another case of Siamese twins.

The coal barons will put a stop to all work and thereby make an effort to crush all the unions. Then President Roosevelt will come to the rescue.

M. Witte has been talking so much since he concluded his labor with the peace commission that no one has been able to get the thread of his remarks.

The only trouble with Editor Stovall running a hotel will be that he will keep the "devil" busy cleaning up any "p" that may be found about the premises.

The Kansas City State Bank has gone into voluntary liquidation, but the Fidelity Trust Company will honor all checks. Loans to another concern brought the crash.

The representatives of the Zemstvos met in Moscow a few days ago and the soldiers were present to prevent any violent talk. A prod with a bayonet was a caution to the speaker.

Hal Caine says he does not know American millionaires sufficiently to write about them. He might ask Ida Tarbell about one or two of them. She must have a few stories set to music by the time.

Another tunnel is contemplated for North River, and it is suggested that it would be cheaper to pipe the river than to dig so many tunnels. They might reclaim considerable land by this method.

"Thou shalt not steal," was the subject that Rev. Lincoln Moore of the Riverside Baptist Church, New York City, took for his text Sunday, in preaching a sermon on the New York Life Insurance Company's unsavory practices. He denounced Mr. McCall in no uncertain tones.

If Oliver Powe of Ansonia, Conn., had followed President Roosevelt's advice he would be all right now. Because he put all of his possessions, amounting to \$22,000, in his wife's name and she died childless, he has lost all title to the property, according to the probate court's interpretation of the law, and is left penniless at the age of 72, too infirm to work.

BE REASONABLE.

Some people about the city are quite inconsistent in regard to keeping up with their neighbors when it comes to cleaning up their premises. Those in charge of the sanitation of the city claim that they have met a few that seemed absolutely indifferent in regard to this work. When asked to cut weeds or grass they bolted like a balky horse and stood back, suggesting to the officers nothing, or giving no reason why they would not do anything. "Rather than have any trouble," said one of the city officials, "we would pass them by and do what we could, and that is the reason why we have not been more thorough. Gainesville can be made beautiful, if all would work in harmony to this end. But one dissenter has a bad effect on the whole work of improvement."

But there should be a way to get at some people who are located in the portions of the city that are most attractive, and the whole charm is spoiled by one or two who are indifferent in regard to keeping their premises in a neat and tidy condition. The work should be done and the cost of the same added to their taxes. In this manner the town could be improved.

With the means at hand there has been much good done throughout the city, and we can feel satisfied that all has been done by those in authority that the conditions would permit, and as a result we have been blessed with a very excellent condition in regard to health during the long and very warm summer.

HOMESEEKERS.

It is observed that the railroads leading into the Southwest embracing Texas, Oklahoma, New Mexico and the Indian Territory, are selling round-trip tickets for three-quarters the regular one-way fare. These tickets have full stop-over privileges and are good for twenty-one days. They are for sale twice each month for the next three months and there will be a great rush to the section covered by them. This is a good deal better than the roads leading to Florida have been able to secure or give to this section. It is to be regretted that the roads running to and through the South are so much weaker than the Western roads that they cannot get nor give what they want for their patrons. It would be worth a million dollars a year to Florida to get an extension of the Frisco from Birmingham into the State. The Frisco is a road that does things, and its phenomenal growth for the past dozen years is chiefly due to that fact and to its dispensing with leading strings.—Tampa Herald.

These tickets are issued to home-seekers, and if we mistake not, as good rates can be obtained to Florida as are given to Texas, Oklahoma, etc., and all that is needed is a few hustling men to pull at this end of the string. We have plenty of land in Florida that does not need to be drained, which should be put on the market, and if the owners of large tracts would give away every other eighty acres to actual settlers, they would then sell the remaining land to pay them well.

Most have been a strike at The Ocala Banner office Monday, judging from the following: "If The Daily Banner is not up to its usual standard this morning we ask our readers to overlook it this one time, as our force is a little short, viz: one editor, one business manager, three printers and two devils. We still have our carrier boys and if you don't yet your paper call us up on the 'phone'."

Perry, Mayo and other West Florida towns are just hustling all kinds of improvements.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

Address F. J. Cheney & Co., Toledo, O.
Sold by all druggists, 75c.
Take Hall's Family Pills for constipation.

SUNSTROKES.

It must be dreadful to suffer the pains of being wealthy.

Health experts meet in Boston to fight disease. It will probably be a glove contest.

If the railroads would have more safety appliances and not so many rules, the lives of the traveling public would be more secure.

Marriages should not be consummated without love. Even a large sum of money and social standing should not be considered without there is love.

Macon, Ga., must be a queer spot. It is announced that "lack of rain brings a drouth." The same thing might happen in other localities, however.

Ohio bobs up even at the Annapolis academy. An Ohio boy is the strongest of the whole naval school. He will no doubt develop into a great campaign worker.

A map who was asked why he had never married, handed the inquiring friend his bank book. No further questioning was necessary, as the inquirer was a dealer in dry goods.

Many of the new residences on South University street which have been built this season and are in process of erection, are very attractive. The two new ones being erected by W. N. Wilson on the old Plaza Hotel lot are going to be both convenient and very tasty in looks. Such buildings speak well for the city and will secure good tenants. This thoroughfare is on the main line of traffic to and from the Seaboard Air Line depot, and people who arrive by that route will form a good impression of the city by seeing a long line of well-kept homes along the street. Often the first impression is lasting, and if our people would bear this in mind and keep their premises looking tidy, it would be a good thing in encouraging new-comers.

A county commissioner down in Hillsborough county is said to have established a new record for economy. At a recent meeting of the board he kicked on a bill for "ribbons for the typewriter." "She's a nice girl," he said, "but the county is under no obligations to buy her clothes, I don't think"—Pensacola Journal.

ANOTHER WONDER OF SCIENCE.

Biology has Proved that Dandruff is Caused by a Germ.

Science is doing wonders these days in medicine as well as in mechanics. Since Adam lived, the human race has been troubled with dandruff, for which no hair preparation has heretofore proved a successful cure until Newbro's Herpicide was put on the market. It is a scientific preparation that kills the germ that makes dandruff or scurf by digging into the scalp to get at the root of the hair, where it saps the vitality, causing itching scalp, falling hair, and finally baldness. Without dandruff hair must grow luxuriantly. It is the only destroyer of dandruff. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

J. S. Redford & Co., Special Agents

ORINO Laxative Fruit Syrup

Pleasant to take

The new laxative. Does not gripe or nauseate. Cures stomach and liver troubles and chronic constipation by restoring the natural action of the stomach, liver and bowels. For Sale by J. W. McCallum & Co.

BALLARD'S SNOW LINIMENT

READ THIS REMARKABLE CURE

"I was much afflicted with rheumatism, writes Ed. C. Nud, Iowaville, Sedgwick Co., Kansas, "going about on crutches and suffering a great deal of pain. I was induced to try Ballard's Snow Liniment, which cured me, after using three 50c bottles. IT IS THE GREATEST LINIMENT I EVER USED; have recommended it to a number of persons, all express themselves as being benefited by it. I now walk without crutches, and am able to perform a great deal of light labor on the farm."
